CSVT Update for Upcoming Week

Montoursville, PA – Work is progressing on the Northern Section of the Central Susquehanna Valley Transportation (CSVT) project in Northumberland, Union and Snyder counties as follows:

Winfield Interchange:

There will be excavation work, including night work. Daylight lane restrictions on Route 15 southbound will be implemented as weather permits for work at a bridge abutment. There will be blasting with intermittent stoppages during the day in both directions on Route 15.

Northumberland County:

Route 147 traffic is using a temporary crossover to the new northbound bridge over Chillisquaque Creek. The contractor is demolishing the existing bridge over the creek. Construction continues on the bridge spanning Ridge Road.

River Bridge:

Construction of Piers 1 through 8 will continue on the west side of the river. Piers 4, 5 and 7 are completed. Concrete is scheduled to be placed for Pier 2 and Pier 3 next week.

Production piles for the abutment on the Winfield side of the river will continue through next week.

Construction is ongoing on the abutment on the Northumberland side of the river. Concrete is scheduled to be placed for the abutment wall next week.

For more information on the CSVT project, please visit www.csvt.com.

Motorists can check conditions on more than 40,000 roadway miles by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 850 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
