## **CSVT Update for Upcoming Week**

**Montoursville, PA** – Work is progressing on the Northern Section of the Central Susquehanna Valley Transportation (CSVT) project in Northumberland, Union and Snyder counties as follows:

Two-way traffic conditions remain in place on Route 147 north of Ridge Road. Traffic is shifted to the southbound shoulder and travel lane while the northbound lane is reconstructed. The shift is expected to remain in place for about two more weeks.

There will be intermittent needs for single lane traffic under flagging to complete this project.

Construction of the river bridge piers on the west side of the river continues.

The passing lanes on Route 15, which were closed in both directions near Route 1020 (Grangers Road) in Monroe Township, Snyder County, are open. The lanes were closed while acceleration and deceleration lanes were being constructed. The contractor is installing erosion and sediment controls and performing earthwork and drainage work.

A detour on a section of County Line Road located west of Route 15 remains in place. The detour route uses Route 1017 (Park Road), Grangers Road and Route 15.

For more information on the CSVT project, please visit [www.csvt.com](http://www.csvt.com).

Motorists can check conditions on more than 40,000 roadway miles by visiting [www.511PA.com](http://www.511PA.com). 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 770 traffic cameras.

511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by following regional Twitter alerts accessible on the 511PA website.
