

**For Immediate Release**  
**April 19, 2019**

## **CSVT Update for Upcoming Week**

**Montoursville, PA** – Work is progressing on the Northern Section of the Central Susquehanna Valley Transportation (CSVT) project in Northumberland, Union and Snyder counties as follows:

### **River Bridge:**

The contractor, Trumbull Corporation, will continue work on the CSVT river bridge.

Substructure work is in various stages on piers on the eastern portion of the bridge.

Equipment will be working adjacent to Route 147. A 10-foot width restriction is in place on Route 147 for pier construction.

### **Winfield Interchange:**

The contractor is New Enterprise Stone & Lime Co., Inc.

Motorists are advised there will be intermittent, single lane traffic impacts in both directions as the contractor continues work on structures, pipe and earthwork.

Motorists should drive with caution and watch for construction vehicles entering and exiting the construction site near the interchange.

### **Northumberland County:**

The contractor, Trumbull Corporation, will continue work on the Wooded Run Bridge and Chillisquaque Creek Bridge.

Motorists should be alert for construction vehicles entering Route 147 at the Chillisquaque Creek bridge.

Beams are expected to be delivered at the Ridge Road Interchange over the next several weeks.

### **Northern Section Paving:**

The contractor, New Enterprise Stone and Lime Co., Inc., will begin paving this spring. This work will include bituminous and concrete paving, drainage, sign structures, highway lighting and traffic signals.

Temporary concrete barrier will be installed next week at the north end of the project.

For more information on the CSVT project, please visit [www.csvt.com](http://www.csvt.com).
